

California Teacher WEP/GPO Alert!!!

Have you heard about **WEP/GPO**?

Do you know that **WEP/GPO** will drastically **REDUCE** what you thought you had coming to you from SS?

Have you ever worked during the summer, the weekend or after school and paid Social Security taxes on that income?

Did you think amassing 40 SS Quarters would qualify you for a monthly benefit and Medicare at age 65?

Did you work in another profession before becoming a teacher, pay SS taxes and expect that those SS QTRS would help you at retirement time?

Are you a spouse of a SS benefits recipient? Did you know that if that spouse passes away, due to your STRS retirement, your SS benefit will be drastically reduced or eliminated?

HR 235 and SB 484 are bills to reverse WEP/GPO and YOU need to help!
